We have been so happy we have had improved our speaking abilities because at our universities we only studied the grammar. Educa let us feel so much better and comfortable with Russian language. It is a really perfect school.

I felt like a family at Educa. Both of my teachers were extremely helpful. Next time I come, I will specifically request the same teachers! The conversations in class help a lot in speaking practice and the games, photos and presentations for the students made the class enjoyable and memorable! I found that with the right motivation and effort you could progress very quickly. My progress was evident and I was very happy about it!

I came to Saint Petersburg for one week and I studied in the language school Educa. I was happy to be here! I met a really good professor. I made a progress in Russian even in one week. I wish you could do the same. Enjoy, it is a really cool country.

I came to Saint Petersburg because I love Russia, have Russian roots and I am a lineal descendant of the famous Russian writer Alexander Pushkin. My course at EDUCA school helped me to improve my grammar skills, learn more about Russian culture and meet nice people from different countries. If I have another chance to come to Russia for learning Russian again with no doubts I will come back to EDUCA!
